## What is VRChat?

VRChat is the world's most popular social VR platform, and this event can be enjoyed with VR device + gaming PC environment.

Registration is required to use VRChat.

Please be sure to play VRChat before purchasing tickets to make sure you are able to use it.

Official website: <https://hello.vrchat.com/>

## What is DOOR?

DOOR is a web social VR provided by NTT, which can be used on VR devices, PC browsers, and smartphones.

You can log in to DOOR with your XMarket account.

Official website: <https://door.ntt/>

## What is SPWN?

SPWN is a distribution platform that allows you to enjoy live streaming. You can enjoy it while communicating with others through chatting and gifting.

To use SPWN, you need to register as a member.

The SPWN version of the ticket can be purchased from the SPWN special page, not from XMarket.

## 03 Select and order tickets on the XMarket website.

\*If you are a registered user of XMarket (<https://xr-marketplace.com/en>) , please login, if not, please register.

\*The payment method is by credit card only. (You can also purchase with a virtual prepaid card.)

\*If you want to purchase a VRChat ticket, you will need your VRChat account information to link your account with XMarket.

\*Please check your email settings so that you can receive the email.

## **What is XMarket?**

XMarket is an XR (AR/VR) goods store that focuses on official anime titles.

We offer VR/AR figure viewer “HoloModels” and “MakeAvatar” to make avatars.

We are mainly dealing with “MakeAvatar” goods.

To purchase tickets, you need to register an account.

Official website: <https://xr-marketplace.com/en>

## About avatar

\*In the paid areas of VRChat and DOOR, it is necessary to enter with Sanrio's original Mochipoly avatar as a dress code.

\*Mochipoly can be used in VRChat and DOOR.

\*Mochipoly will be available for use with MakeAvatar, an avatar creation application, during November.

\*We also have a ticket that includes a Sanrio collaboration avatar outfit that can be changed into Motipoli.

\*You can continue to use the avatar and the purchased outfit on MakeAvatar even after the event is over.

### What is MakeAvatar™ ?

MakeAvatar™ is a smartphone application that allows anyone to easily create characters without any knowledge of 3DCG.

With MakeAvatar, you can dress your Mochipoly character in a costume and carry it out to various platforms such as VRChat and DOOR.
